#PT-OTDR-100

NEW!

Mini OTDR Tester

A simple to setup and easy-to-use solution to perform OTDR tests; OPM, VFL and laser source functionality tests for fiber optic cable; and continuity testing and TDR for Category cable.

- Single-mode 3m - 105km OTDR test range
- Export OTDR test results as PDF or SOR
- Export RJ45 TDR and wiremap test results as PDF
- Rechargeable Li-ion battery provides 5 hours of use
- Includes multiple fiber interfaces and RJ45 remote

5.5" OLED Touchscreen
for easy viewing, saving
and exporting of tests

Compact form factor - only 7.2
x 4.33 x 1.43" weight 1lb
(183 x 110 x 36.5mm weight .45Kg)

#LCR-SA1SU1-SM3-150M

UNIVERSAL LAUNCH CABLE RING

SC/APC to SC/UPC design using 3mm armored cable. Available in 150M, 500M, and 1000M. Equipped with adapters to test all fiber configurations.

#SLB-SA1SU1-SM3-150M

UNIVERSAL LAUNCH CABLE BOX

SC/APC to SC/UPC design using 3mm armored cable. Available in 150M, 500M, and 1000M. Equipped with adapters to test all fiber configurations.

#PT-SCOPE-200

WIRELESS FIBER SCOPE

Works with OTDR tester to allow visual inspection of fiber optic connectors before and after cleaning to ensure performance. PASS/FAIL REPORTING Results and screenshots available on iOS or Android.

#ECO-TERMK-01

FIBER TERMINATION KIT

Convenient all-in-one kit includes a precision wheel fiber cleaver, Aramid fiber scissors, a three-hole fiber stripper, visual fault locator and cleaning supplies to ensure an optimal termination. All components fit into a compact soft tool bag for easy transportation and storage.

Since the introduction of the EZ-RJ45 more than 25 years ago, Platinum Tools has been the premier provider of connectors, tools and testers for the installation of data, telecom and security wiring.

ezEX-RJ45® Connectors

Available in three sizes to fit conductors from 0.33" (0.84mm) to 0.48" (1.22mm) Ø

- CAT5e/6/6A compliant
- Recommended for PoE/PoE+
- TIA, TAA, RoHS, UL & FCC compliant
- Also available in shielded versions

Patented, staggered, pass-thru load bar simplifies wiring and supports conductors for clean, flush trim

Works with solid or stranded conductors

50 micron gold-plated contacts

Available in three different styles: **ezEX³⁸** / **ezEX⁴⁴** / **ezEX⁴⁸**

MULTIPLE OPTIONS FOR TERMINATING ezEX-RJ45 CONNECTORS

EXO CRIMP FRAME® W/ ezEX® DIE

Crimps and trims all ezEX-RJ45 connectors in a single step.

#100061C

Additional dies available to crimp most Platinum RJ45 and RJ11 connectors

#90188

EZEX-RJ45 STARTER KIT

#90148

EZEX MINI TERMINATION & TEST KIT

THE ORIGINAL EZ-RJ45® CONNECTOR SAVES TIME ON EVERY TERMINATION FOR CAT5/5E/6 SYSTEMS

- Pass-thru design to easily verify proper wiring
- CAT5/5e and CAT6 versions
- TIA, TAA, RoHS, UL & FCC compliant
- Also available in shielded & RJ12/11 versions

EZ-RJ PRO HD CRIMP TOOL

Platinum's all-time best selling tool - crimps and trims all EZ connectors in one step. Ratcheting design delivers consistent force. Built-in cable cutter and stripper for one-tool convenience.

#100054C

SPECIALTY CONNECTORS MAKE VIRTUALLY ANY INSTALLATION EASY AND CONVENIENT

CAT8 RJ45 & KEYSTONE

#106260

CAT6A POE TYPE 4

#740C

WATERPROOF KEYSTONE & SPLICE

#744

WEATHERPROOF COUPLER HOUSING

Extend virtually any cable run with the appropriate coupler. Works with category, coax and fiber cable to provide IP64 weather protection.

PRODUCT SPOTLIGHT

NEW!

PTS-PRO Crimp Tool

The only universal crimp tool that works with Platinum's ezEX and EZ-RJ45 connectors, as well as most standard RJ45 connectors. One tool to replace three in your bag.

- Works with UTP & STP connectors
- Connector locks into tool with click
- Pushbutton lock for compact storage

Universal, adjustable crimper works with most RJ45 connectors

Thumb screw adjusts crimping plate for different connectors

Ergonomic shape for reduced hand fatigue

Cutting & stripping blade for CAT5e/6 cable

CUTTERS AND STRIPPERS FOR EVERY TYPE OF CABLE

#10531C

5" SIDE CUTTERS

High carbon tool steel with a precise 21° grind for a full flush cut

#10517C

5" ELECTRICIAN'S SCISSORS

Chrome-plated with full serrated bottom blade for non-slip cutting

#10514C

ROUND CABLE CUTTER

Optimal blade geometry keeps cable round for easy connector install

#10529C

KEVLAR FO SCISSORS

Full serrated bottom blade for non-slip cutting of soft materials

#15015C

CABLE JACKET STRIPPER

Compact, lightweight tool strips cable from 0.18" to 0.25" Ø (4.5mm - 6.3mm)

#15010C

CYCLOPS CABLE STRIPPER

For UTP, STP, Coax or FO - self-adjusts to strip cable from 0.10" to 0.43" Ø (2.5mm - 11mm)

#15041C

BRI MULTI-STRIPPER

Cuts and strips most VDV cable types and sizes; features replaceable blade cassettes

#15003C

PROSTRIP 10/20 WIRE STRIPPER

Cut and Strip 10-20 AWG solid and 12-22 AWG stranded. Cut and chase threads on 16/32 & 8/32 bolts.

#15005C

PROSTRIP 16/30 WIRE STRIPPER

Cut and Strip 16-30 AWG solid and 18-32 AWG stranded. Cut and chase threads on 16/32 & 8/32 bolts.

CABLE TESTING, TRACING & FAULT LOCATING

#T130

VDV MAPMASTER™ 3.0

Unit combines continuity testing, mapping, tone generation and length measurement functions

#TDG310K1C

DIGITAL TONE & PROBE

Trace cables on an active network with no disruption to users

#T109C

MAPMASTER™ MINI

Pocket-size tester checks RJ45 connections with up to 5 remotes

#TPS200C

POE++ TESTER

Check PoE voltage in-line or in PD simulation mode prior to use

#TVFL100

VISUAL FAULT LOCATOR

Easily find damage in fiber optic cables with powerful illumination
